

Supplementary Figure S1

Supplementary Figure S1. Absolute lymphocyte counts following ipilimumab therapy.

Supplementary Figure S2

Supplementary Figure S2. Correlation analysis of cellular populations (A) Correlation of the PD1 MFI in CD4⁺CD3⁺ cells with the frequency of CD4⁺CD25⁺CD127^{lo}FoxP3⁺ (Tregs). **(B)** Correlation of Arg1⁺ CD3⁻ cell frequency with Lin⁻HLA-DR^{-lo}CD15⁺CD33⁺CD11b⁺ (GrMDSC). Correlation analysis was performed using Spearman's non-parametric test.
