## Scope

*Cancer Prevention Research* publishes original studies, reviews, and commentaries in the fields of cancer prevention and interception. The Journal comprises preclinical, clinical, translational, and implementation research, with special attention given to molecular discoveries and an emphasis on building translational and mechanistic bridges between the basic, clinical, and population sciences. The editors welcome manuscript submissions that describe mechanisms of carcinogenesis; develop preventive interventions to intercept cancer development at early stages; or evaluate implementation of evidence-based preventive practices.

*Cancer Prevention Research* is abstracted and/or indexed in Current Contents/Clinical Medicine, MEDLINE, Science Citation Index, Scopus, and Web of Science.

## Submission of Manuscripts

Online manuscript submission is welcomed at <https://capr.msubmit.net>. Before submitting a manuscript, please read the Instructions for Authors, which is available from the Journal's home page at <https://cancerpreventionresearch.aacrjournals.org>.

## Publication Charges

Articles will be published with the understanding that the author(s) will pay both a publication fee and a per-item fee display. For more detail, please see the Publication Fees and Reprints page which is available at <https://aacrjournals.org/content/authors/publication-fees-and-reprints>.

## Subscription Information

### AACR Members

AACR members may opt to receive either a print subscription with online access to content or an online-only subscription. Contact [Membership@aacr.org](mailto:Membership@aacr.org) or visit the membership page at [www.aacr.org](http://www.aacr.org) for more information.

### Nonmember Individuals

#### Japan
