Mark Waters was a chain smoker. Wonder who'll get his office?

Too bad about Mark. Kept hearing the same thing everyone does about lung cancer. But, like so many people, he kept right on smoking cigarettes. Must have thought,

"been smoking all my life... what good'll it do to stop now?" Fact is, once you've stopped smoking, no matter how long you've smoked, the body begins to reverse the damage done by cigarettes, provided cancer or emphysema have

not developed. Next time you reach for a cigarette, think of Mark. Then think of your office—and your home.
