Natural Resource for carcinogenesis research
New Research Products Catalog from Chemsyn Science Laboratories

To help fill your product needs in carcinogenesis research, our unique Research Products Catalog is a natural resource.

Over 240 products are described in 180 pages of technical information on:

- Food Mutagens
- Polyaromatic Hydrocarbons
- Nitro Polyaromatic Hydrocarbons
- Fluorene Products
- Nicotine Products
- Intermediates

In addition, you'll find valuable information on custom product synthesis, bulk pharmaceutical preparations and our analytical services capabilities.

To receive your free copy, complete the coupon below or call Chemsyn Science Laboratories today at (800) 233-6643.
