#### AMERICAN ASSOCIATION FOR CANCER RESEARCH

### INFORMATION ON APPLICATION FOR ACTIVE AND CORRESPONDING MEMBERSHIP

#### **BENEFITS OF MEMBERSHIP**

The American Association for Cancer Research (AACR) is a scientific society consisting of laboratory and clinical cancer researchers. It was founded in 1907 "to bring together active investigators of the cancer problem for presentation and discussion of new or significant observations; and to foster research in cancer and other phenomena of growth." Members of the AACR enjoy the following benefits:

- subscriptions to the journals Cancer Research and Cell Growth & Differentiation at the reduced member rate;
- the privilege of sponsoring an abstract for presentation at the AACR annual meeting;
- an advance copy of the Program and Proceedings pertaining to each annual meeting;
- 4. a reduced registration rate at all scientific meetings;
- early notification of events in the AACR's series of special conferences;
- subscriptions to any future AACR journals at reduced member rates;
- 7. reduced rates for the AACR Employment Register;
- 8. the benefit of AACR's public education activities;
- the receipt of AACR newsletters, meeting announcements, and an up-to-date membership directory.

#### QUALIFICATIONS FOR MEMBERSHIP

Active membership in the AACR is open to investigators who live in the Americas, and who have conducted two years of meritorious research that has resulted in publications relevant to cancer. If a candidate is working in a research area not directly related to the cancer field but has conducted research of exceptional scientific merit, he or she may also qualify for membership.

Corresponding membership is open to qualified persons who are not residents of the Americas. The requirements for corresponding membership are the same as those for active membership. Visiting scientists from outside the Americas who intend to return to their countries of origin soon after submitting their applications should apply for corresponding membership. All other individuals should apply for active membership and transfer to corresponding status at a later date if they should leave the Americas.

#### PROCEDURES FOR APPLICATION

There are three deadlines for receipt of a membership application: March 1, July 1, and October 1 of each year. The Membership Committee will review all complete applications for active membership that have been received by these deadlines and will submit recommendations on each candidate to the Board of Directors which formally elects all members. The same procedure is followed by the Special Memberships Committee which receives applications for corresponding membership. Candidates will be notified according to the following schedule:

Receipt of Application
in AACR Office
March 1
July 1
October 1

Notification of Candidate

May September December

A complete application consists of the following material:

 6 copies of the form on the opposite side of this page, with all requested information provided.

- 5 copies of the candidate's most current curriculum vitae and bibliography.
- 3. 5 copies of a letter of recommendation from a nominator who is an active, emeritus, or honorary member of the AACR (at least one copy must be a signed, original letter). This letter should describe the candidate's achievements in laboratory research, clinical investigations, or epidemiological research, and it should affirm that this research adheres to accepted ethical standards.—OR—The nominator may supply the responses requested at the bottom of the application form in the section entitled "STATEMENT OF SUPPORT" (at least one copy of the form must be the signed original).
- 4. 5 copies of a letter of recommendation as described in Item 3. above from a seconder who is an active, emeritus, or honorary member of the AACR (at least one copy must be a signed, original letter).—OR—The seconder may supply the responses requested at the bottom of the application form in the section entitled "STATEMENT OF SUPPORT" (at least one copy of the form must be the signed original).
- 5 reprints of each of two publications on which the candidate appears as author.

All material should be collated into five complete sets with the original application form as a covering document and sent to the address given below. Questions regarding procedures for membership application may also be directed to the following address:

American Association for Cancer Research
Public Ledger Building
Suite 816
6th & Chestnut Streets
Philadelphia, PA 19106
215/440-9300

#### **RESPONSIBILITIES OF MEMBERSHIP**

Candidates should be aware of the following responsibilities of membership in the AACR. Active members must pay annual dues, a major portion of which is designated for a subscription to at least one of the AACR's publications. Newly elected members of the AACR who have already purchased subscriptions to Cancer Research or Cell Growth & Differentiation at the higher, nonmember rate will receive reimbursement of the unused portion of those subscriptions once their first year's membership dues are paid in full.

All corresponding members elected after May 23, 1985, are required to pay an annual assessment in lieu of dues. This assessment, which is equivalent to that portion of the regular dues that pertains to support of activities other than publications, is imposed to defray the cost of sending AACR publications to members outside the Americas. Corresponding members may, if they wish, subscribe to Cancer Research or Cell Growth & Differentiation at the reduced member rate.

Applicants elected in May will be responsible for payment of that year's dues; applicants elected in September and December will pay dues in the following year. Applicants elected in May and September will be eligible to sponsor an abstract for the next annual meeting. Every effort will be made to afford the same opportunity to applicants elected in December.

Margaret Foti Executive Director

# ASSOCIATION OF THE PROPERTY OF

#### **AMERICAN ASSOCIATION FOR CANCER RESEARCH**

#### **GUIDELINES FOR APPLICATION FOR ASSOCIATE MEMBERSHIP**

#### **QUALIFICATIONS FOR MEMBERSHIP**

Associate membership is open to graduate students, medical students, postdoctoral fellows, and physicians in training who live in the Americas and who are following a course of study or who are working in a research program relevant to cancer.

#### **BENEFITS OF MEMBERSHIP**

The American Association for Cancer Research (AACR), a scientific society consisting of laboratory and clinical cancer researchers, was founded in 1907 "to bring together active investigators of the cancer problem for presentation and discussion of new or significant observations; and to foster research in cancer and other phenomena of growth." Associate members of the AACR enjoy the following benefits:

- the privilege of sponsoring an abstract for presentation at the AACR annual meeting provided that (a) the associate member is the presenter of the abstract and (b) an active member in good standing of the AACR also signs the abstract in support of the work (In this instance, the active member who cosigns the abstract does not lose his or her own sponsorship privilege.);
- an advance copy of the Program and (if one has been purchased by the associate member) the Proceedings of the American Association for Cancer Research which contains abstracts of all papers being presented at each annual meeting;
- the privilege of registering for the annual meeting at the low student rate (This rate is otherwise available only to predoctoral students.);
- 4. preferred access to the AACR Employment Register;
- an optional subscription to the journal Cancer Research at the reduced member rate;
- subscriptions to any future AACR journals at reduced member rates:
- early notification of events in the AACR's new series of small scientific meetings on timely scientific topics;
- 8. the receipt of AACR newsletters, meeting announcements, and an up-to-date membership directory; and
- the facilitation of informal scientific exchange with leading researchers in the cancer field.

#### PROCEDURES FOR APPLICATION

Persons wishing to apply for associate membership must use the official application form on the reverse side of these instructions. Each candidate for associate membership must be nominated by an active member in good standing of the AACR. Three completed copies of the form should be submitted; at least one of these copies must carry the original signatures of both the candidate and the active member nominator. The application form may be submitted

to the Association Office at any time. After review of applications for associate membership, the Executive Director will notify candidates of their election or deferral within one month of the receipt of the application form. A check in the amount of \$20, which represents one year's dues payment, must accompany the application. This fee will be refunded to any candidate deemed to be ineligible for associate membership. Checks should be in U.S. currency, made payable to AACR, Inc., and drawn on a U.S. bank. Send the three copies of the application form and the \$20 dues payment to:

American Association for Cancer Research
Public Ledger Building
Suite 816
6th & Chestnut Streets
Philadelphia, PA 19106
215/440-9300

#### **RESPONSIBILITIES OF MEMBERSHIP**

Associate members must pay annual dues in an amount to be determined by the AACR Board of Directors. Dues for 1991 have been set at \$20 per year. If an application is submitted by August 31, the accompanying dues payment will be credited to the current year. Candidates submitting applications between September 1 and December 31 may indicate whether they wish their dues payments credited to the current or forthcoming year. Candidates should be aware, however, that associate members may sponsor an abstract for the annual meeting only if their dues for the current year are paid. For example, an associate member submitting an abstract in December 1990 for the forthcoming annual meeting must have paid dues for 1990. Any newly elected associate members of AACR who have already purchased subscriptions to Cancer Research at the higher, nonmember rate will receive a refund for the unused portion of that subscription upon receipt of their payment for a member's subscription.

Each Fall the AACR will send to current associate members an invoice for dues for the forthcoming year. Payment of this invoice must be accompanied by a statement signed by the associate member's current registrar, dean, or department head, verifying the member's current academic status. The Association's By-Laws state that dues are payable for each year in advance on or before January 1 of that year. An individual may be an associate member for a maximum of five years. Each year in which an individual pays dues will count as one full year of associate membership. Thus, an associate member who pays dues for 1990 may retain associate membership until December 31, 1994. The Board of Directors may terminate the membership of an associate member whose dues are in arrears for two years.

Margaret Foti, Executive Director

#### THE DEADLINE FOR ADVANCE REGISTRATION IS MARCH 22, 1991

- \*Students must enclose a statement, signed by the registrar, dean, or department head of their university or college on official letterhead, confirming their status. Postdoctoral fellows or physicians in training do not qualify for the student registration rate unless they are associate members of the AACR. An application for associate membership may accompany this form, but these should be submitted well before the advance registration deadline as review of the associate membership application may delay registration.
- †AACR members with paid-up subscriptions to an AACR journal receive the *Proceedings* automatically. Members who check this box and pay the \$25 fee will receive an additional copy of the *Proceedings*.
- ‡Optional payment for registrants outside of the U. S. and Canada only. Registrants paying this surcharge will receive meeting publications via air mail—printed matter before the annual meeting

Mail all advance registration forms with applicable fees to Annual Meeting Registration, American Association for Cancer Research, Inc., Public Ledger Bldg., Suite 816, 6th & Chestnut Streets, Philadelphia, PA 19106. Receipts will be sent to you in April. AACR members in good standing will receive copies of the Program and Proceedings prior to the meeting. Nonmember and student advance registrants residing in the U.S. and Canada will also receive the Program before the meeting and (if they have purchased it) the Proceedings. Please note that nonmember registrants receive a copy of the Proceedings automatically, but if students are to receive a copy of this document before the meeting, it must be purchased at the time of advance registration.

#### **REFUND POLICY**

Refunds on registration fees will be granted on written request received in the AACR Office by May 8, 1991. Requests received after this date will not be honored. Receipts and badges (if they have been mailed) must be returned to the AACR Office with the refund request. A cancellation fee of \$25 will be deducted from all refunds to cover administrative costs. *Proceedings* are not returnable, and an additional \$25 will be deducted from refunds to nonmembers and students if this document has already been mailed.

#### Guidelines for Submitting Diskettes to Cancer Research

The word processing packages that we prefer are as follows:

XyWrite III Plus (for the IBM) Microsoft Word (for the IBM)

WordPerfect 4.2, 5.0, 5.1 (for the IBM) Wang OIS (WPS)

Wordstar (for the IBM)

#### Also acceptable:

MacWrite 2.2 (text)

Apple MacIntosh Plus 800K Disc/

MacWrite 4.5 (text)

**CPT 8000** 

**DEC WPS-8** 

**DEC Decmate II** 

**DEC Decmate III** 

Display Write 3

Display Write 4

IBM Displaywriter Word Processor 6580

Lanier Business One Step

Lanier No Problem

Lanier Super No Problem

MASS-11 PC

Microsoft Word MacIntosh

(Version 1.05) 400/800K

Multimate

PC Write

PFS Professional Write

Volkswriter 4.0

Wordstar 2000

New releases of word processing software are not always immediately available for conversion. In addition, because of the file structures and internal coding, we cannot accept diskettes created on desktop publishing systems or those created on proprietary typesetting systems. We also cannot guarantee that all special characters can be translated. Tabular and mathematical material, such as equations, will not be captured from the diskette but will be rekeyed.

To expedite work and for your own security, we do require that you submit a hard copy printout of the diskette file. The tables and equations will be keyed from this hard copy. We also need to know the name of the file to be converted, the type of hardware (e.g., IBM PC) on which the files were created, the operating system (e.g., DOS 3.3), and the version of the software (e.g., WordPerfect 5.1) used to create the file.

PLEASE FILL OUT ALL INFORMATION ON REVERSE SIDE AND SUBMIT THIS FORM WITH YOUR DISKETTE. DISKETTES WILL NOT BE PROCESSED WITHOUT THIS INFORMATION.

80

#### **DISKETTE SUBMISSION FORM**

Cancer Research is now using personal computers to copyedit manuscripts accepted for publication. Authors are encouraged to submit electronic diskettes of their manuscripts along with the typed manuscript. Diskettes will ultimately be returned to the authors.

See reverse for the word processing packages that can be accepted by Cancer Research.

#### File preparation

Please be sure that the file you send is the most recent version of the manuscript and that it matches the most recently submitted printed copy. The file should contain all the parts of the manuscript, as outlined in our "Instructions for Authors" (see January 1 issue of Cancer Research), in one file. Mathematical and tabular material, however, will be processed in the traditional manner and may be excluded from the diskette file.

Note: The Journal does not assume responsibility for errors in conversion of customized software, newly released software, or special characters.

Please label the outside of the diskette with the journal name, the first author's name, a partial title of the manuscript, and the name of the computer file used to access the manuscript on diskette. To process your diskette efficiently, we need the following information. Please be sure to provide **ALL** the information.

Name used to access paper on diskette:	
Name of computer used (e.g., IBM/PS2):	
Operating system and version (e.g., DOS 3.3):	
Word processing program and version (e.g., WordPerfect 5.0):	
[See reverse for acceptable programs.]	
Manuscript number (if known):	
First author:	
Corresponding author (if different from first author):	
Telephone/FAX numbers:	

This form (both sides) may be reproduced.

# 82nd Annual Meeting of the

May 15–18, 1991 Houston, Texas

# American Association for Cancer Research

- <u>Program Committee Chairperson</u>
   CURTIS C. HARRIS / Bethesda, MD
- Topics and Chairpersons of Major Scientific Events

"Discoveries and Opportunities in Cancer Research"

I. BERNARD WEINSTEIN / New York, NY and CARLO M. CROCE / Philadelphia, PA

(A special symposium celebrating the 50th Anniversary of the AACR's journal, Cancer Research)

"Genomic Instability: Implications for Carcinogenesis and Therapy" JANET D. ROWLEY / Chicago, IL (Sponsored jointly with the American Society of Clinical Oncology)

"Molecular Mechanisms of Tumor Suppressor Genes and Oncogenes"

LEWIS T. WILLIAMS / San Francisco, CA

"Cancer and Development"

GEORGE F. VANDE WOUDE / Frederick, MD

"Molecular Pathogenesis of Lung Cancer"
JOHN D. MINNA / Bethesda, MD

"Negative Growth Regulators"

HAROLD L. MOSES / Nashville, TN

"Multiple Primary Cancer: Epidemiology and Molecular Mechanisms" LOUISE C. STRONG / Houston, TX

"Molecular Biology of DNA Damage and Repair"

LARRY H. THOMPSON / Livermore, CA

"Cell Cycle Control: Yeast to Humans"
FRED CROSS / New York, NY

"Hormones and Cancer"
MARC E. LIPPMAN / Washington, DC

"Ethnic Differences in Cancer Etiology"

PELAYO CORREA / New Orleans, LA

"Cancer Chemoprevention: Investigations in Animal Model Systems and Human Trials" GARY D. STONER / Toledo, OH

"Recombinant DNA Approaches to Drug Development"

IRA PASTAN / Bethesda, MD

"Nuclear Matrix, Gene Regulation, and Cancer"

SHELDON PENMAN / Cambridge, MA

"Molecular Epidemiology"

GERALD N. WOGAN / Cambridge, MA

"Current Status of the Human Genome Project"

MORTIMER L. MENDELSOHN / Livermore, CA

"Clonal Evolution of Cancer"

PETER C. NOWELL / Philadelphia, PA

"Drug Delivery"

ROBERT LANGER / Cambridge, MA

"Tumor Vaccines and Active Immunotherapy" RONALD B. HERBERMAN / Pittsburgh, PA

Special Lectures

Presidential Address: I. BERNARD WEINSTEIN / New York, NY Four Additional Award Lectures

Sessions of Proffered Papers

Minisymposia, poster discussion sessions, and regular poster sessions will be organized from submitted papers in all areas of cancer research.

 Information, Registration Forms, and Membership Application Forms available. . .

American Association for Cancer Research Public Ledger Building, Suite 816 Sixth and Chestnut Streets Philadelphia, PA 19106

Telephone: 215-440-9300 / FAX: 215-440-9313

 Information also available on AACR Special Conferences in Cancer Research, the Association's series of smaller meetings focussed on rapidly developing areas of molecular biology and cancer research.
