THINK GLOBALLY. TARGET LOCALLY.

Whether you're looking at whole systems or local phenomena, the new Model 2004 ALZET[®] osmotic pump helps you observe the in vivo effects of compounds more accurately.

This miniature, implantable pump continuously delivers your test agents for four weeks, at a rate of 0.25 $\mu\text{l/hr}$. Its small size, long duration, and low flow rate make the Model 2004 ideal for brain infusion or targeted delivery in mice and rats.

ALZET pumps offer more accurate in vivo delivery. By sustaining compound levels in plasma and tissues, they allow the effects of your agent to develop fully and reproducibly. ALZET pumps have successfully delivered hundreds of agents – including proteins and other short half-life compounds. Using a simple catheter attachment, you can localize delivery to specific areas. And operation is fully automatic, eliminating the need for complicated dosing schedules.

Look at drug delivery from a new perspective. Call ALZET Technical Services at (800) 524-0095 or (415) 962-2251. Specify your region of interest, and we'll send an information package that will reveal a world of possibilities.

OSMOTIC PUMPS

INTRODUCING...

PROCEEDINGS OF THE AMERICAN ASSOCIATION FOR CANCER RESEARCH ON CD-ROM

- Contains abstracts and scheduling information for more than 4,000 presentations at the 1996 AACR Annual Meeting in Washington, D.C., April 20-24
- Search by word, phrase, or Boolean expression to pinpoint the abstracts you need
- Operates on both Macintosh and Windows platforms

\$35 – AACR Members
\$45 – Individual Nonmembers
\$90 – Institutions

For hardware and software requirements, write, fax, or e-mail a request to the AACR, attn: CD Spec Sheet (see below)

For the first time, the Proceedings of the AACR is available on CD-ROM. This compact disc is a fast, convenient way to learn about the latest laboratory and clinical cancer research. You can search more than 4,000 abstracts in seconds, view those that interest you, and print out the pages on which those abstracts appear. Program details—date, time, place—are included with each abstract, so that you can plan your personal schedule at the meeting.

**Order your Proceedings CD-ROM today.
Simply complete the form below and return it to the AACR.**

Yes! Send me the 1996 Proceedings of the AACR on CD-ROM.

Payment enclosed (Check or money order payable to the American Association for Cancer Research)

Charge my: American Express MasterCard VISA
