

Supplementary Figure 1. Kaplan-Meier plot for comparing the overall survival of head and neck cancer between never/occasional alcohol drinkers and ever drinkers

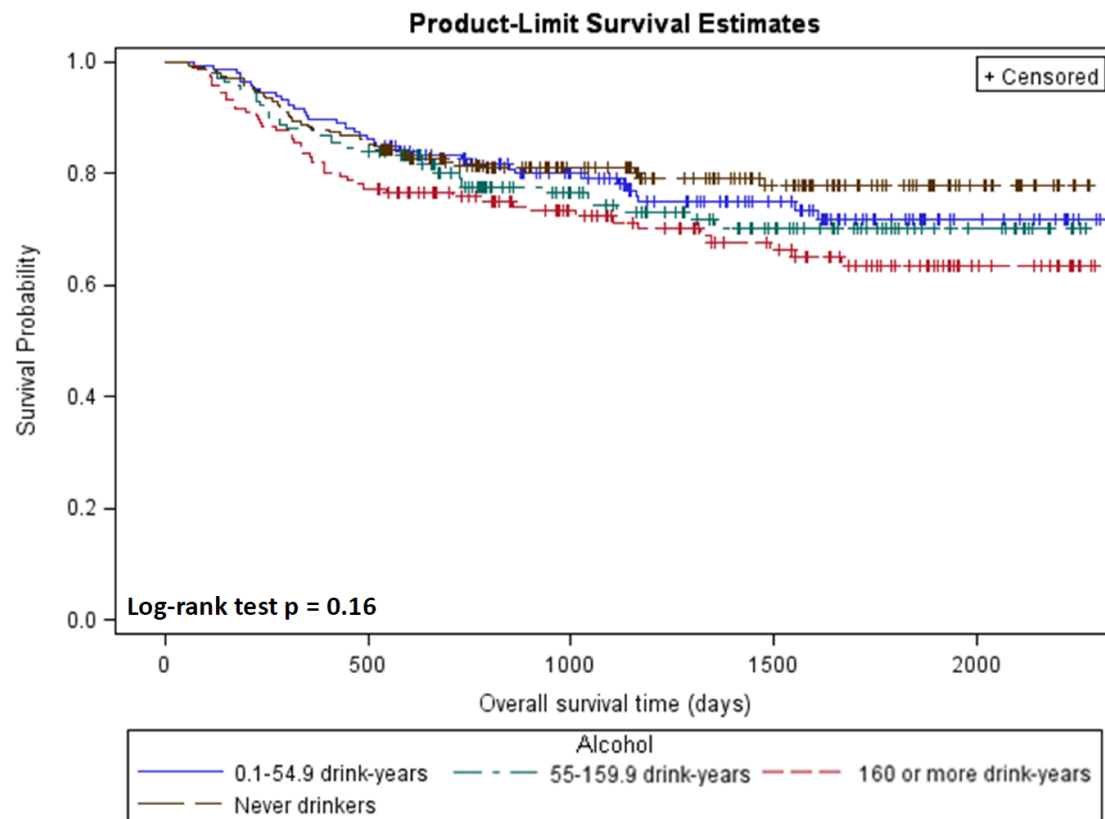

Supplementary Figure 2. Kaplan-Meier plot for the overall survival of head and neck cancer patients by the frequency of pre-diagnosis alcohol drinking

Supplementary Figure 3. Kaplan-Meier plot for the overall survival of head and neck cancer patients by the amount of pre-diagnosis alcohol drinking

Supplementary Figure 4. Kaplan-Meier plot for the overall survival of head and neck cancer patients by the drink-years of pre-diagnosis alcohol drinking

Supplementary Figure 5. Kaplan-Meier plot for the overall survival of head and neck cancer patients by pre-diagnosis alcohol drinking status and combinations of *ADH1B* and *ALDH2* genotypes
