

Supplemental Table 1. Detailed Adverse Events

	Unrelated			Related		
	Gr. 1	Gr. 2	Gr. 4	Gr. 1	Gr. 2	Gr. 3
Investigations						
Lymphocyte count decreased	1	1		5	3	1
White blood cell decreased				5		
Investigations - Other - INR decrease	1					
Platelet count decreased	2		1	5		
Investigations - Other - TSH low				2		
Neutrophil count decreased				1		
Alanine aminotransferase increased					1	
Blood bilirubin increased	1					
Respiratory, thoracic and mediastinal disorders						
Cough				1		
Allergic rhinitis				2		
Dyspnea				1		
Postnasal drip	1			1		
Blood and lymphatic system disorders						
Anemia	1	1		6	1	
Musculoskeletal and connective tissue disorders						
Arthralgia				8		
Myalgia		1		3	1	
Back pain	2			1	1	
Neck pain				1		
Eye disorders						
Dry eye	1					
Infections and infestations						
Upper respiratory infection				1	1	
Infections and infestations - Other - Genital herpes outbreak		1				
Infections and infestations - Other - Genital herpes out break		1				
Rhinitis infective		1				
Cardiac disorders						
Palpitations	1			1		
Atrial fibrillation		1				
Nervous system disorders						
Headache				3	2	
Peripheral sensory neuropathy	1					
Presyncope					1	
Neuralgia				1		
Nervous system disorders - Other - buzzing over body	1
