

AACR Bulletin Board

Annual Meeting

The AACR's Annual Meeting is one of the largest and most important annual gatherings of scientists engaged in cancer research worldwide. The next Annual Meeting will take place in San Diego, CA, April 12-16, 1997. The Chairperson of the Annual Meeting is Frederick P. Li of the Dana-Farber Cancer Institute. Clara Derber Bloomfield of the Roswell Park Memorial Institute and Stephen H. Friend of the Fred Hutchinson Cancer Research Center will serve as Co-Chairpersons. The Program Committee will invite outstanding scientists in the field to organize plenary sessions, symposia, controversy sessions, and meet-the-expert sunrise sessions. They also look forward to receiving for consideration for presentation the proffered papers submitted by members of the cancer research community. The deadline for abstract submissions is November 12, 1996. All abstracts must be sponsored by an AACR member in good standing.

Call for Nominations for AACR Awards

The Association presents six awards to distinguished scientists at its Annual Meeting. The Awards Committee, consisting of six separate subsections, will recommend candidates for each award to the AACR Executive Committee. Below you will find a description of each award. Members wishing to make nominations should provide a short description of the candidate's accomplishments; the subcommittee involved will obtain further documentation on suitable candidates. Nominations may be directed to the Association Office for forwarding to the appropriate subcommittee. This material should be received no later than August 1, 1996.

Clowes Memorial Award. The Eli Lilly Company established the Clowes Memorial Lecture to honor Dr. G. H. A. Clowes, who was a founding member of the AACR and a research director of Eli Lilly. The purpose of the award is to give "recognition of outstanding research accomplished in some recent period." The Clowes Award should recognize outstanding recent accomplishments in basic cancer research, and the Board of Directors construes this to mean both laboratory research and epidemiological investigations.

Joseph H. Burchenal AACR Clinical Research Award. Bristol-Myers Squibb has established this award to recognize outstanding achievements in clinical cancer research. It is named for Dr. Joseph H. Burchenal, past president and honorary member of the AACR, and a leading figure in the field of cancer chemotherapy. There are no restrictions on the age or geographic location of the awardee.

Richard and Hinda Rosenthal Foundation Award. The Rosenthal Foundation has established this award to "recognize research which has made or gives the

AACR

The American Association for Cancer Research (AACR) was founded in 1907 to bring together active investigators of the cancer problem for the presentation and discussion of new findings and to foster advances in cancer research. Today the Association has more than 11,000 members working in all of the subdisciplines of cancer research in the United States, Canada, and more than 50 other countries. Information on AACR programs and activities can be obtained from

American Association for
Cancer Research
Public Ledger Building
150 South Independence Mall West
Suite 816
Philadelphia, PA 19106-3483
Phone: (215) 440-9300
Fax: (215) 440-9313

The AACR welcomes applications for membership from the readership. Scientists engaged in all areas of cancer research are eligible for membership. There are three categories of membership: *active* membership, open to cancer researchers working in the Americas; *corresponding* membership, to those working outside the Americas; and *associate* membership, to graduate and medical students, postdoctoral fellows, and physicians-in-training. Further information on the qualifications for each category as well as the benefits of membership can be found on the application forms at the back of this issue.

promise of soon making a notable contribution to improved clinical care in the field of cancer." The Foundation wishes to honor and provide incentive to young investigators relatively early in their careers. It has, therefore, stipulated that the Association restrict the award to individuals who are engaged in the practice of medicine, who reside in the Americas, and who will not be more than 50 years of age at the time of the award (April 1997).

Rhoads Memorial Award. In 1979, an anonymous donor established this award in memory of Dr. Cornelius P. Rhoads, a founder and the first Director of the Sloan-Kettering Institute for Cancer Research. This annual award is intended to give recognition to an "individual on the basis of meritorious achievement in cancer research." In accordance with the donor's wishes, the awardee must be a young investigator; therefore, the Board of Directors of the Association has stipulated that the recipient must not have reached his or her 41st birthday by the time of the award (April 1997).

Cain Memorial Award. The Warner-Lambert Company instituted this award to honor the memory of Dr. Bruce F. Cain of New Zealand for his work in the "design, synthesis, and biological evaluation of potential anticancer drugs." The purpose of the award is to "give recognition

to an individual or research team for outstanding preclinical research that has implications for the improved care of cancer patients." Examples of such research include discovery of a significant new anticancer agent and major contributions to a compound's application as an antitumor agent. The award will recognize outstanding contributions in the fields of medicinal chemistry, biochemistry, or tumor biology as related to drug discovery; will encompass anticancer, antiviral, and antifungal agents; will have no age limit; and will be international in scope.

American Cancer Society Award. The American Cancer Society sponsors this award to honor outstanding achievements in the fields of epidemiology, biomarkers, and prevention. There are no age or geographical restrictions on the awardee.

AACR Special Conferences in Cancer Research

A number of meetings are now being organized in the AACR's series of smaller scientific meetings. Following are the topics, dates, locations, and program committees for some of these meetings. When full details of each meeting are available, AACR members will be the first to receive complete brochures and application forms for participation in these important conferences. Nonmembers may receive this information by sending their names and addresses to Meetings Mailing List, American Association for Cancer Research, Public Ledger Building, 150 South Independence Mall West, Suite 816, Philadelphia, PA 19106-3483. Telephone: (215) 440-9300. FAX: (215) 440-9313. E-Mail: aacr@aol.com.

Instructions for Authors

Scope

Clinical Cancer Research, a journal of the American Association for Cancer Research, publishes original articles describing clinical research on the cellular and molecular characterization, prevention, diagnosis, and therapy of human cancer. Its focus is on innovative clinical research and translational research which bridges the laboratory and the clinic. *Clinical Cancer Research* is especially interested in clinical trials evaluating new treatments for cancer; research on molecular abnormalities that predict incidence, response to therapy, and outcome; and laboratory studies of new drugs and biological agents that will lead to clinical trials in patients.

Specific areas of interest include clinical and translational research in: molecular pharmacology and chemotherapy; drug sensitivity and resistance; tumor immunology and immunotherapy; radiobiology and radiation oncology; solid tumor oncology; hematological malignancies; surgical oncology; pediatric oncology; molecular oncology and cancer genes; pathology, markers, and prognostic indicators; growth factors, cytokines, and signal transduction; bone marrow transplantation; gene therapy; cancer endocrinology; cell adhesion, invasion, and metastasis; prevention of primary and recurrent cancer; differentiation and cell death; clinical genetics; and detection of minimal disease.

Editorial Policy

When a manuscript is received for consideration, the Editors assume that no similar paper has been or will be submitted for publication elsewhere. Further, it is understood that all authors listed on a manuscript have agreed to its submission. The signature of the corresponding author on the letter of submission signifies that these conditions have been fulfilled.

Journal policy requires that authors, reviewers, and Associate Editors reveal in a letter to the Editor-in-Chief any relationships that they have that could be construed as causing a conflict of interest with regard to a manuscript under review. The letter should include a statement of any financial relationships with commercial companies involved with a product under study.

Upon acceptance, authors must transfer copyright to the American Association for Cancer Research, Inc., the copyright owner of the journal, prior to publication. The Editors endorse the principles embodied in the Declaration of Helsinki and expect that all investigations involving humans will have been performed in accordance with these principles. To obtain a copy of the Helsinki Declaration, please contact the World Medical Association, 28, Ave. des Alpes, F-01210, Ferney-Voltaire, France. For animal experimentation reported in the journal, it is expected that investigators will have observed the *Interdisciplinary Principles and Guidelines for the Use of Animals in Research, Testing, and Education* issued by the New York Academy of Sciences' Ad Hoc Committee on Animal Research, a copy of which is available for \$5.00 from the Marketing Department, New York Academy of Sciences, 2 East 63rd Street, New York, NY 10021-7289. All human and animal studies must

have been approved by the investigator's Institutional Review Board.

Review Process

The review process, expedited by fax transmission and overnight mail service, is conducted as rapidly as possible. Each submitted manuscript is reviewed by at least two experts in the field of investigation. If the authors are invited to submit a revised manuscript for an expedited further review, the revised version must be submitted within three months.

Manuscript Submission

Send manuscripts to John Mendelsohn, M.D., Editor-in-Chief, *Clinical Cancer Research*, at Department of Medicine, Memorial Sloan-Kettering Cancer Center, 1275 York Avenue, New York, NY 10021. Submit four original sets (not photocopies) of figures along with four copies of the manuscript. If a manuscript is closely related to papers that are in press or have been submitted elsewhere, please provide copies of those papers with your submission.

Advances in Brief will be reserved for concise, definitive reports of novel observations and discoveries that have unusual importance. A request for consideration for Advances in Brief should be included in the letter of submission. A Minireview is a brief analysis (typically 3-4 printed pages) of a focused, timely research topic, aimed at a multidisciplinary audience. Minireviews and Controversies in *Clinical Cancer Research* that are submitted or solicited will undergo editorial review. The Editors welcome Letters to the Editor, which will be published if they are determined to be appropriate.

The letter of submission should suggest the Associate Editor (or Editor-in-Chief) who will serve as primary reviewer of the manuscript. In addition, we invite authors to provide the names, addresses, and telephone/fax numbers of up to five potential reviewers who are not current or recent collaborators or advisors in the area under investigation.

For both original and revised submissions, we cannot guarantee that manuscripts and illustrations will be returned to the author.

Format

Manuscripts must be written succinctly in clear, grammatical English. Define abbreviations in an inclusive footnote to the text. Double-space on 8 1/2 x 11-inch paper. Dot-matrix printing is not acceptable. The format is as follows:

1. Title page, including title, authors and their institutions, research support, and address plus telephone/fax numbers of the corresponding author;
2. A running title of fewer than 50 characters;
3. Three to five key words that do not appear in the title;
4. Abstract, of not more than 250 words, stating briefly the objectives, methods, results, and conclusions of the study;
5. Text arranged in this order: Introduction, Methods, Results, Discussion, Acknowledgments, References;

6. Footnotes, on a page separate from the text. Designate footnotes consecutively with superscript Arabic numerals;
 7. Tables, on pages separate from the text, with descriptive titles and legends that make the data understandable without reference to the text;
 8. Figure legends, on pages separate from the text, with descriptive titles and explanations to make the data understandable without reference to the text. Define all symbols and include staining for halftones where applicable;
 9. Figures.
-

References

Include only those articles that have been published or are in press. Unpublished data or personal communications must be cited as footnotes to the text. Personal communications should be substantiated by a letter of permission. Number references in the order of their first mention in the text. Cite only the number assigned to the reference. References must be double-spaced.

SAMPLE REFERENCES:

1. Shaffer, D. W., Smith, L. S., Burris, H. A., Clark, G. M., Eckardt, J. R., Fields, S. M., Weiss, G. R., Rinaldi, D. A., Bowen, K. J., Kuhn, J. G., and Von Hoff, D. D. A randomized phase I trial of chronic oral etoposide with or without granulocyte-macrophage colony-stimulating factor in patients with advanced malignancies. *Cancer Res.*, 53: 5929-5933, 1993.
 2. Dimaggio, J. J., Scheinberg, D. A., and Houghton, A. N. Monoclonal antibody therapy of cancer. *In*: H. M. Pinedo, B. A. Chabner, and D. L. Longo (eds.), *Cancer Chemotherapy and Biological Response Modifiers Annual*, Vol. 11, pp. 177-203. Amsterdam: Elsevier Science Publishers B. V., 1990.
-

Figures

Provide four original sets of figures (whether line-cut drawings or halftones). Each sorted set should be in a separate labeled envelope, for distribution to reviewers. A typed label placed on the reverse side of each figure should contain the first author's name, figure number, and an arrow indicating top of figure. Letters and numbers on figures should not be smaller than 6-point or larger than 12-point type. All figures will be published at a width of approximately 3 inches (8 cm) unless

the author requests a greater width. Use tissue overlays to indicate important areas of the photographs that must be reproduced with greater fidelity.

Authors are encouraged to submit color figures. The expense of reproducing color photographs must be offset partially by the author. In 1996, the cost of color reproduction charged to authors will be \$975 per color figure. Submit color figures on flexible backing.

Proofs

Page proofs must be returned to the office of the American Association for Cancer Research within 24 hours of receipt. Return proofs by overnight mail. ***Proofs not received by the deadline will be published without the authors' corrections.*** Accepted manuscripts are regarded as final copy and should not be altered substantially in proof. Extensive alterations could cause publication delays, and authors will be charged for excessive alterations in proof.

Typesetting Manuscripts from Computer Disks

Clinical Cancer Research welcomes disks to expedite production of accepted manuscripts. If your article is accepted for publication, you will receive instructions regarding disk submission. It is the author's responsibility to ensure that the material on the disk matches the final accepted version of the manuscript.

For more information, contact:

John Mendelsohn, M.D., Editor-in-Chief, *Clinical Cancer Research*, Department of Medicine, Memorial Sloan-Kettering Cancer Center, 1275 York Avenue, New York, NY 10021, Telephone 212-639-6317, Fax 212-717-3629

or:

AMERICAN ASSOCIATION FOR CANCER RESEARCH

GUIDELINES FOR APPLICATION FOR ACTIVE AND CORRESPONDING MEMBERSHIP

BENEFITS OF MEMBERSHIP

The American Association for Cancer Research (AACR), a scientific society of over 11,000 laboratory and clinical cancer researchers, was founded in 1907 to facilitate communication and dissemination of knowledge among scientists and others dedicated to the cancer problem; to foster research in cancer and related biomedical sciences; to encourage the presentation and discussion of new and important observations in the field; to foster public education, science education, and training; and to advance the understanding of cancer etiology, prevention, diagnosis, and treatment throughout the world.

Members of the AACR enjoy the following benefits:

1. the privilege of sponsoring a proffered paper (abstract) for consideration for presentation at the AACR annual meeting;
2. an advance copy of the Program and *Proceedings of the American Association for Cancer Research* that contains over 4,000 abstracts of proffered papers presented at the annual meeting;
3. reduced registration rates at annual meetings;
4. priority notice of small, focussed meetings in the AACR's exciting series of Special Conferences in Cancer Research;
5. substantially reduced registration rates for Special Conferences;
6. opportunities for participation in AACR meetings in North America and abroad with other scientific societies around the world;
7. receipt of AACR Newsletters and other important announcements;
8. early notification of and reduced rates for participation in the AACR Employment Register;
9. an up-to-date Membership Directory of over 11,000 member researchers in the cancer field;
10. the professional benefits of the AACR's public education activities concerning funding for cancer research and press coverage of the latest research findings;
11. the opportunity to participate in three Summer Workshops that foster knowledge in the cancer field for young investigators;
12. the facilitation of informal scientific exchange with leading researchers in the cancer field; and
13. many more ongoing benefits.

QUALIFICATIONS FOR MEMBERSHIP

Active membership in the AACR is open to investigators who live in the Americas. Individuals who have conducted two years of research resulting in peer-reviewed publications relevant to cancer, or who have made substantial contributions to cancer research in an administrative or educational capacity, are eligible. If a candidate has conducted research in an area of biomedical science related to cancer, he or she will qualify for membership. Evidence of patents relevant to cancer research may be submitted as qualifications for membership in lieu of peer-reviewed publications.

Corresponding membership is open to persons who are not residents of the Americas. The qualifications for corresponding membership are the same as those indicated above for active membership. Visiting scientists from outside the Americas who intend to return to their countries of origin by the anticipated time of election should apply for corresponding membership. All other visiting scientists should apply for active membership and transfer to corresponding status upon leaving the Americas.

Graduate and medical students, postdoctoral fellows, and physicians in training who do not yet meet the above qualifications for active or corresponding membership should apply for **associate** membership. Forms for associate membership are available from the AACR Office.

PROCEDURES FOR APPLICATION

There are three deadlines for the receipt of a membership application: January 1, May 1, and September 1 of each year. The Membership Committee will review all complete applications for active membership that have been received by these deadlines and will submit recommendations on each candidate to the Board of Directors which formally elects all members. The same procedure is followed by the Special Memberships

Committee which receives applications for corresponding membership. Candidates will be notified according to the following schedule:

Receipt of Application in AACR Office	Notification of Candidate
January 1	March
May 1	July
September 1	November

A complete application consists of the following material:

1. 6 copies of the form on the opposite side of this page, with all requested information provided.
2. 5 copies of the candidate's most current curriculum vitae and bibliography.
3. 5 copies of a letter of recommendation from a nominator who is an active, corresponding, emeritus, or honorary member of the AACR (at least one copy must be a signed, original letter). This letter should describe the candidate's achievements in laboratory research, clinical investigations, or epidemiological research, and it should affirm that this research adheres to accepted ethical scientific standards. -OR- The nominator may supply the responses requested at the bottom of the application form in the section entitled "STATEMENT OF SUPPORT" (at least one copy of the form must be the signed original).
4. 5 copies of a letter of recommendation as described in Item 3 above from a seconder who is an active, corresponding, emeritus, or honorary member of the AACR (at least one copy must be a signed, original letter). -OR- The seconder may supply the responses requested at the bottom of the application form in the section entitled "STATEMENT OF SUPPORT" (at least one copy of the form must be the signed original).
5. 5 reprints of each of two publications on which the candidate appears as author. As noted above, evidence of patents developed by the candidate may be submitted in lieu of one or both of the publications. If submitting patents, supply patent number and year awarded.

All material should be collated into five complete sets with the original application form as a covering document and sent to the address given below. Questions regarding procedures for membership application may also be directed to the following address:

American Association for Cancer Research
Public Ledger Building, Suite 816
150 S. Independence Mall West
Philadelphia, PA 19106-3483
Phone: 215/440-9300
FAX: 215/440-9313
E-mail: aacr@aol.com

RESPONSIBILITIES OF MEMBERSHIP

Candidates should be aware of the following responsibilities of membership in the AACR. Active members must pay annual dues. In 1996 annual dues for active members are \$160, \$95 of which is designated for AACR journal subscriptions. Newly elected members of the AACR who have already purchased subscriptions to *Cancer Research*, *Clinical Cancer Research*, *Cell Growth & Differentiation*, or *Cancer Epidemiology, Biomarkers & Prevention* at the higher, nonmember rates will receive reimbursement of the unused portion of those subscriptions once their first year's membership dues are paid in full.

Corresponding members are required to pay dues (\$80 in 1996) and may, if they wish, subscribe to *Cancer Research*, *Clinical Cancer Research*, *Cell Growth & Differentiation*, or *Cancer Epidemiology, Biomarkers & Prevention* at reduced member rates.

Applicants elected in March will be responsible for payment of that year's dues; applicants elected in July and November will pay dues for the following year. Applicants elected in March and July will be eligible to sponsor an abstract for the next annual meeting. Every effort will be made to afford the same opportunity to applicants elected in November.

AMERICAN ASSOCIATION FOR CANCER RESEARCH

GUIDELINES FOR APPLICATION FOR ASSOCIATE MEMBERSHIP

QUALIFICATIONS FOR MEMBERSHIP

Associate membership is open to graduate students, medical students, postdoctoral fellows, and physicians in training who are following a course of study or who are working in a research program relevant to cancer. Scientists in training who already have a substantial record of publications may wish to apply for active or corresponding membership which confers full benefits of membership.

BENEFITS OF MEMBERSHIP

The American Association for Cancer Research (AACR), a scientific society consisting of laboratory and clinical cancer researchers, was founded in 1907 to facilitate communication and dissemination of knowledge among scientists and others dedicated to the cancer problem; to foster research in cancer and related biomedical sciences; to encourage presentation and discussion of new and important observations in the field; to foster public education, science education, and training; and to advance the understanding of cancer etiology, prevention, diagnosis, and treatment throughout the world. Associate members of the AACR enjoy the following benefits:

1. the privilege of sponsoring a proffered paper (abstract) for consideration for presentation at the AACR annual meeting provided that (a) the associate member is the presenter of the paper and (b) an active, corresponding, emeritus, or honorary member in good standing of the AACR also signs the abstract of the paper in support of the work. (In this instance, the member who cosigns the abstract does not lose his or her own sponsorship privilege.);
2. an advance copy of the scientific Program and (if one has been purchased by the associate member) the *Proceedings of the American Association for Cancer Research* that contains over 4,000 abstracts of proffered papers presented at the annual meeting;
3. the privilege of registering for the annual meeting at the low associate member rate;
4. preferred access to the AACR Employment Register;
5. optional subscriptions to the Association's high-quality journals *Cancer Research*, *Clinical Cancer Research*, *Cell Growth & Differentiation*, and *Cancer Epidemiology, Biomarkers & Prevention* at reduced member rates;
6. priority notification of events in the AACR's series of special conferences on timely subjects in the field;
7. substantially reduced registration rates at special conferences;
8. the receipt of AACR newsletters, meeting announcements, and an up-to-date Membership Directory;
9. the opportunity to participate in three Summer Workshops that foster knowledge in the cancer field for young investigators; and
10. the facilitation of informal scientific exchange with leading researchers in the cancer field.

PROCEDURES FOR APPLICATION

Persons wishing to apply for associate membership must use the official application form on the reverse side of these instructions. Each candidate for associate membership must be nominated by an active, corresponding, emeritus, or honorary member in good standing of the AACR. Three completed copies of the form should be submitted; at least

one of these copies must carry the original signatures of both the candidate and the nominator. The application form may be submitted to the Association Office at any time.

After review of applications for associate membership, the Executive Director will notify candidates of their election or deferral within one month of the receipt of the application form. A check for one year's dues payment must accompany the application. Dues are currently \$35 for associate members residing in the Americas and \$45 for residents of other countries. This fee will be refunded to any candidate deemed to be ineligible for associate membership. Checks should be in U.S. currency, made payable to AACR, Inc., and drawn on a U.S. bank. Send the three copies of the application form and the \$35 or \$45 dues payment to:

American Association for Cancer Research
Public Ledger Building, Suite 816
150 S. Independence Mall West
Philadelphia, PA 19106-3483
Phone: 215/440-9300
FAX: 215/440-9313
E-mail: aacr@aol.com

RESPONSIBILITIES OF MEMBERSHIP

Associate members must pay annual dues in an amount to be determined by the AACR Board of Directors. Dues for 1995 and 1996 have been set at \$35 per year for residents of the Americas and \$45 for residents of other countries. If an application is submitted by August 31, the accompanying dues payment will be credited to the current year. Candidates submitting applications between September 1 and December 31 may indicate whether they wish their dues payments credited to the current or forthcoming year. Candidates should be aware, however, that associate members may sponsor an abstract for the annual meeting only if their dues for the current year are paid. For example, an associate member submitting an abstract in November 1995 for the forthcoming annual meeting must have paid dues for 1995. Any newly elected associate members of the AACR who have already purchased subscriptions to *Cancer Research*, *Clinical Cancer Research*, *Cell Growth & Differentiation*, or *Cancer Epidemiology, Biomarkers & Prevention* at the higher, nonmember rate will receive a refund for the unused portion of that subscription upon receipt of their payment for a member's subscription.

Each Fall the AACR will send to current associate members an invoice for dues for the forthcoming year. Payment of this invoice must be accompanied by a statement signed by the associate member's current registrar, dean, or department head, verifying the member's current academic status. The Association's By-Laws state that dues are payable for each year in advance by January 1 of the year to which they should be applied. An individual may be an associate member for a maximum of five years. Each year in which an individual pays dues will count as one full year of associate membership. Thus, an associate member who pays dues for 1995 may retain associate membership until December 31, 1999. The Board of Directors may terminate the membership of an associate member whose dues are in arrears for two years.

SIGNATURES

I hereby apply for associate membership in the American Association for Cancer Research. I have read the instructions on the reverse side of this form, and I understand the privileges and responsibilities of this class of membership. I certify that the statements on this application are true.

Signature of Candidate: _____ Date: _____

I recommend this candidate for associate membership in the American Association for Cancer Research. To the best of my knowledge, the candidate is qualified for this class of membership, and the statements on this application are true.

Signature of Nominator*: _____ Date: _____

Submit three copies of this form. At least one copy must contain the original signatures of the candidate and the nominator. Enclose a check in U.S. funds, made payable to AACR, Inc., and drawn on a U.S. bank for one year's dues. Dues are currently \$35 for associate members residing in the Americas and \$45 for residents of other countries.

Check one of the following boxes only if this form is being submitted between September 1 and December 31:

The enclosed dues payment should be applied to the ☐ current ☐ forthcoming calendar year.

(NOTE: If dues are applied to the forthcoming year, membership will take effect on January 1, but the candidate will not be eligible to sponsor an abstract for presentation at the annual meeting in March on April of that year.) See Guidelines for Application on the reverse side of this form for further instructions.

*Nominator must be active, corresponding, emeritus, or honorary member of the AACR.

(This form may be reproduced.)

Software packages that we are unable to translate:

FrameMaker PageMaker	Ready, Set, Go Scientific Writer
-------------------------	-------------------------------------

Disks produced on IBM or IBM-compatible computers are preferred, but those produced on some Apple or Wang computers can also be converted. Because of the file structures and internal coding, we cannot accept disks created on desktop publishing systems or those created on proprietary typesetting systems. We also cannot guarantee that all special characters can be translated. Tabular and mathematical material, such as equations, will not be captured from the disk but will be rekeyed.

To expedite work and for your own security, we do require that you submit a hard copy printout of the disk file. The tables and equations will be keyed from this hard copy. We also need to know the name of the file to be converted, the type of hardware (e.g., IBM PC) on which the files were created, the operating system (e.g., DOS 3.3), and the version of the software (e.g., WordPerfect 5.1) used to create the file.

PLEASE FILL OUT ALL INFORMATION ON REVERSE SIDE AND SUBMIT THIS FORM WITH YOUR DISK.
DISKS WILL NOT BE PROCESSED WITHOUT THIS INFORMATION.

DISK SUBMISSION FORM

AACR journals are now using personal computers to copyedit manuscripts accepted for publication. When submitting a revised manuscript, authors are encouraged to submit an electronic disk of the paper along with the required four hard copy printouts. Disks will ultimately be returned to the authors.

See reverse for the word processing packages that can be accepted.

File preparation

Please be sure that the file you send is the most recent version of the manuscript and that it matches the most recently submitted printed copy. The file should contain all the parts of the manuscript in **one** file. Mathematical and tabular material, however, will be processed in the traditional manner and may be excluded from the disk file.

Note: AACR does not assume responsibility for errors in conversion of customized software, newly released software, or special characters.

Please label the outside of the disk with the journal name, the first author's name, a partial title of the manuscript, and the name of the computer file used to access the manuscript on disk. To process your disk efficiently, we need the following information. Please be sure to provide **ALL** the information.

Name used to access paper on disk: _____

Name of computer used (e.g., IBM/PS2): _____

Operating system and version (e.g., DOS 3.3): _____

Word processing program and version (e.g., WordPerfect 5.0): _____

[See reverse for acceptable programs.]

Manuscript number: _____

First author: _____

Corresponding author (if different from first author): _____

Telephone/FAX numbers: _____

This form (both sides) may be reproduced.

AMERICAN ASSOCIATION FOR CANCER RESEARCH SCIENTIFIC CONFERENCES

OCTOBER 2-6, 1996

Novel Approaches in Blood and Marrow Transplantation

Second Annual Meeting of the American Society for Blood and Marrow Transplantation

Chairpersons: O. Michael Colvin, Durham, NC;

Bruce R. Blazar, Minneapolis, MN

Hotel Del Coronado, San Diego, CA

OCTOBER 6-9, 1996

Carcinogenesis from Environmental Pollution: Assessment of Human Risks and Strategies for Prevention

Joint Meeting with International Agency for Research on Cancer

Chairpersons: Frederica Perera, New York, NY;

Paul Kleihues, Lyon, France

Hotel Gellért, Budapest, Hungary

OCTOBER 19-23, 1996

Programmed Cell Death

Chairpersons: Stanley J. Korsmeyer,

St. Louis, MO; Shigekazu Nagata, Osaka,

Japan; Andrew Wyllie, Edinburgh, Scotland

The Sagamore, Bolton Landing (Lake George), NY

JANUARY 10-14, 1997

Basic and Clinical Aspects of Lymphoma

Joint Meeting with the American Society of Clinical Oncology

Chairpersons: Joseph R. Bertino, New York, NY;

James O. Armitage, Omaha, NE

Stouffer Renaissance Esmeralda Resort, Indian Wells (Palm Springs), CA

JANUARY 17-21, 1997

Disrupted Transcription Factors in Cancer

Chairpersons: Peter K. Vogt, La Jolla, CA; Frank

J. Rauscher III, Philadelphia, PA

Hotel Del Coronado, San Diego, CA

FEBRUARY 13-16, 1997

Growth Factors, Signaling, and Cancer

Joint Meeting with Lorne Cancer Conference

Chairpersons: Antony Burgess, Parkville, Victoria,

Australia; Robert J. Coffey, Nashville, TN;

Ashley R. Dunn, Parkville, Victoria, Australia;

Webster K. Cavenee, La Jolla, CA

Erskine House, Lorne, Victoria, Australia

FEBRUARY 23-28, 1997

Cell Signaling and Cancer Treatment

In Collaboration with British Association for Cancer Research, Austrian Cancer Society, German Cancer Society, and Austrian Biochemical Society

Chairpersons: Hans H. Grunicke, Innsbruck,

Austria; Garth Powis, Tucson, AZ; Paul

Workman, Macclesfield, England

Interalpen-Hotel Tyrol, Telfs-Buchen, Austria

MARCH 7-12, 1997

Basic and Clinical Aspects of Breast Cancer

Chairpersons: J. Carl Barrett, Research Triangle

Park, NC; Karen S.H. Antman, New York, NY;

Mary-Claire King, Seattle, WA

Keystone Resort, Keystone, CO

APRIL 12-16, 1997

88th Annual Meeting

Chairperson: Frederick P. Li, Boston, MA

Co-Chairpersons: Clara Derber Bloomfield,

Buffalo, NY; Stephen H. Friend, Seattle, WA

San Diego Convention Center, San Diego, CA

Abstract Deadline: November 12, 1996

JUNE 7-12, 1997

Cancer of the Central Nervous System

Conference with Neurosurgery Joint Section on Tumors

Chairpersons: Peter McL. Black, Boston, MA;

Webster K. Cavenee, La Jolla, CA

Loew's Coronado Bay Resort, San Diego, CA

AACR members will receive brochures on the above conferences as soon as they are available. Nonmembers should call or write:

American Association for Cancer Research
Public Ledger Building, Suite 816
150 South Independence Mall West
Philadelphia, PA 19106-3483
215-440-9300 • 215-440-9313 (FAX)
E-Mail: aacr@aol.com

For regular updates to this list visit the AACR's World Wide Web site, <http://www.aacr.org>

Programmed Cell Death

October 19-23, 1996
The Sagamore, Bolton Landing (Lake George), New York

CONFERENCE CHAIRPERSONS

Stanley J. Korsmeyer / St. Louis, MO
Shigekazu Nagata / Osaka, Japan
Andrew H. Wyllie / Edinburgh, Scotland

SCIENTIFIC PROGRAM

Keynote Address

Martin C. Raff / London, England

Development

H. Robert Horvitz / Cambridge, MA
Hermann Steller / Cambridge, MA
Stanley J. Korsmeyer / St. Louis, MO

Oncogenesis

Douglas Hanahan / San Francisco, CA
Mina J. Bissell / Berkeley, CA
Eileen P. White / Piscataway, NJ
Gerard I. Evan / London, England

Death Antagonists

Suzanne Cory / Melbourne, Australia
Craig B. Thompson / Chicago, IL
Lois K. Miller / Athens, GA

Death Signals

Shigekazu Nagata / Osaka, Japan
Peter Krammer / Heidelberg, Germany
David V. Goeddel / S. San Francisco, CA
George D. Yancopoulos / Tarrytown, NY

Death Effectors

Junying Yuan / Charlestown, MA
Donald W. Nicholson / Pointe-Claire-Dorval, Quebec, Canada
Vishva Dixit / Ann Arbor, MI
Arnold H. Greenberg / Winnipeg, Manitoba, Canada

Survival Signals

Andrew H. Wyllie / Edinburgh, Scotland
Tadatsugu Taniguchi / Tokyo, Japan
Ken-ichi Arai / Tokyo, Japan

Resistance and Therapeutics

Michael B. Kastan / Baltimore, MD
Richard N. Kolesnick / New York, NY

Additional Speakers to be Announced

*Applicants are encouraged to submit
abstracts for poster presentation.*

Application deadline: August 2, 1996

Information and Application Forms

American Association for Cancer Research
Public Ledger Building, Suite 816
150 South Independence Mall West
Philadelphia, PA 19106-3483
215-440-9300 215-440-9313 (FAX)
E-mail: aacr@aol.com

CELL SIGNALING AND CANCER TREATMENT

An American Association for Cancer Research Special Conference
in Collaboration with

Austrian Cancer Society, British Association for Cancer Research,
German Cancer Society and the Austrian Biochemical Society

February 23-28, 1997

Interlpen-Hotel Tyrol

Telfs-Buchen, Austria

CONFERENCE CHAIRPERSONS

Hans H. Grunicke / Innsbruck, Austria

Garth Powis / Tucson, USA

Paul Workman / Macclesfield, England

PROGRAM COMMITTEE

Sara A. Courtneidge / Redwood City, USA

Sylvie Gisselbrecht / Paris, France

Bernd Groner / Freiburg, Germany

Adrian L. Harris / Oxford, England

Peter A. Herrlich / Karlsruhe, Germany

Peter Hilgard / Frankfurt, Germany

Alex Matter / Basel, Switzerland

Frank P. McCormick / Richmond, USA

Laurent Meijer / Roscoff, France

Michael J. Morin / Groton, USA

Axel Ullrich / Munich, Germany

SCIENTIFIC PROGRAM

Keynote Address

Paul Workman / Macclesfield, England

Growth Factor Antagonists and Growth Factor Receptor Blockers

Enrique Rozengurt / London, England

Nancy E. Hynes / Basel, Switzerland

Bernd Groner / Freiburg, Germany

Nicholas Lydon / Basel, Switzerland

Receptor and Post Receptor Signaling: Mechanisms and Targets in Cancer Chemotherapy

Sara A. Courtneidge / Redwood City, USA

Frank P. McCormick / Richmond, USA

Nicholas K. Tonks / Cold Spring Harbor, USA

Garth Powis / Tucson, USA

Ulf R. Rapp / Würzburg, Germany

Alan K. Hall / London, England

Axel Ullrich / Munich, Germany

Cell Cycle and Cancer

Laurent Meijer / Roscoff, France

Christian Brechot / Paris, France

Rolf Müller / Marburg, Germany

J. Wade Harper / Houston, USA

Cytokine Signaling

Sylvie Gisselbrecht / Paris, France

Atsushi Miyayima / Tokyo, Japan

Ian M. Kerr / London, England

Gennaro Ciliberto / Rome, Italy

Programmed Cell Death: Role in Oncogenesis and Tumor Therapy

Gerard I. Evan / London, England

Caroline Dive / Manchester, England

Douglas R. Green / La Jolla, USA

Donald W. Nicholson / Pointe-Claire-Dorval, Quebec, Canada

Invasion and Metastasis

Max M. Burger / Basel, Switzerland

Louis F. Reichardt / San Francisco, USA

John G. Collard / Amsterdam, The Netherlands

Helmut Ponta / Karlsruhe, Germany

Angiogenesis

Adrian L. Harris / Oxford, England

Kari K. Alitalo / Helsinki, Finland

Isaiah J. Fidler / Houston, USA

*Applicants are encouraged to submit abstracts
for poster presentation.*

Application deadline: November 1, 1996

Information and Application Forms

American Association for Cancer Research

Four Essential Journals from the AACR

Priority reading for over 50 years –
cited more than any other journal in
its field

CANCER RESEARCH

Vol. 56, 1996 (24 issues)
ISSN 0008-5472

Editor-in-Chief:
Carlo M. Croce, M.D.

- State-of-the-art laboratory and clinical investigations
- Advances in Brief
- Selected review articles
- *Proceedings of the American Association for Cancer Research*: annual issue of research abstracts

Individual nonmembers: \$460;
Outside U.S.: \$550
Institutions: \$595*; Outside U.S.: \$725*
* Includes a subscription to *Clinical Cancer Research*. Available as a combined subscription only.

A major resource on the molecular
biology of cancer

CELL GROWTH & DIFFERENTIATION

Vol. 7, 1996 (12 issues)
ISSN 1044-9523

Editor-in-Chief:
George F. Vande Woude, Ph.D.

- Original *in vitro* and *in vivo* studies of the molecular biology of cancer, including normal and abnormal cellular processes
- Research Capsules
- Viewpoints

Individual nonmembers: \$95
Outside U.S.: \$135
Institutions: \$245; Outside U.S.: \$285

An up-to-the-minute journal
spanning three vital fields

CANCER EPIDEMIOLOGY, BIOMARKERS & PREVENTION

Vol. 5, 1996 (12 issues)
ISSN 1055-9965

Editor-in-Chief:
Pelayo Correa, M.D.

- Original research on causes and prevention of cancer in humans
- Invited editorials
- Selected review articles
- Short communications
- Meeting reports

Individual nonmembers: \$85
Outside U.S.: \$125
Institutions: \$215; Outside U.S.: \$255

An exciting new forum for clinical
and translational cancer research

CLINICAL CANCER RESEARCH

Vol. 2, 1996 (12 issues)
ISSN 1078-0432

Editor-in-Chief:
John Mendelsohn, M.D.

- Research articles
- Advances in Brief
- Minireviews
- Controversies in Clinical Cancer Research

Individual nonmembers: \$95
Outside U.S.: \$135
Institutions: \$595*; Outside U.S.: \$725*
*Includes a subscription to *Cancer Research*. Available as a combined subscription only.

ORDER TODAY!

American Association for Cancer Research
c/o FULCO, Inc.
P.O. Box 3000
Denville, NJ 07834
1-800-875-2997 or (201) 627-2427
FAX: (201) 627-5872

Members, American Association for Cancer Research:

For member rates, contact the
AACR at: (215) 440-9300
FAX (215) 440-9313.

Institutions: Purchase all four journals and save 15% off the total subscription price, excluding postage outside U.S.
Canada: Add 7% GST to all orders. MD: Add state sales tax.
